FIORITO Company Profile

FIORITO was established in 1998. We have our own factory as well as two elegant showrooms in prime locations in Cairo. All FIORITO products are certified by FIRA International Limited Laboratory of England and successfully achieved the safety strength and performance tests. An ERP system is implemented for optimization of performance. Nevertheless, FIORITO carries the ISO 9001 certificate for quality management.

SCOPE OF WORK

1. Indoor Woodworks

- **Wood Doors, Windows and Louvers:**

Our doors are massive wood as well as veneered doors. We manufacture windows using German mechanisms, double glazing, double sealing and with different systems according to requirements.

- **Wood Flooring / Parquet:**

We manufacture and install parquet flooring for the indoors whether massive or engineered. We also manufacture wood flooring tiles for easy installation. We use Teak, Oak, Walnut and Vengue wood.

- **Wood Cladding:**

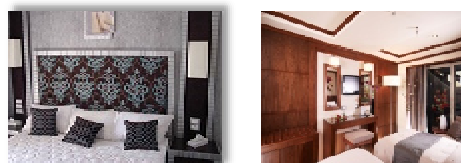

We manufacture and install cladding of walls, ceilings and cornices.

- **Wood Partitions:**

We manufacture and install wood partitions for hotels, banks, offices, schools, etc...

- **Guest Rooms:**

Guest rooms are manufactured upon contract basis. We provide bedrooms: beds, closets, dressing tables and all related items. Our clients are hotels, hospitals, residential villas, etc...

- **Public Area Furniture:**

We manufacture furniture for hotel public areas and living rooms for residential villas according to designs requested. Our clients are hotels, restaurants, clubs, hospitals, residential villas, etc...

- **Restaurants:**

We manufacture restaurant and clubs furniture according to designs requested. Our clients are hotels, restaurants, clubs, hospitals, residential villas, etc...

- **Counters:**

We manufacture and install counters using different wood types; Oak, Ash, etc...

- **Kitchen Units:**

We manufacture and install kitchen units using different wood types; Oak, Ash, etc...

- **Bathroom Vanities:**

We manufacture and install bathroom vanities using different wood types; Oak, Ash, etc...

2. Outdoor Woodworks

- **Pergolas:**

Built with different wood types, whether Teak or Pitch-Pine wood.

- **Wood Flooring:**

We manufacture and install two different systems of Teak wood flooring for pool decks, terraces and boats. We also manufacture wood flooring tiles for easy installation.

- **Gates and Fences:**

We manufacture and install gates and fences, using mainly Teak wood

- **Wood Cladding:**

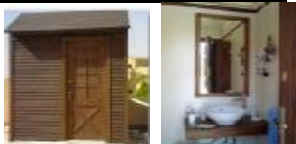

Cladding of walls, ceilings and roofing for the outdoor.

- **Bridges:**

Built with different wood types, whether Teak or Pitch-Pine wood.

- **Vestiaires and Cottages:**

For the first time, clients can save a good space in their villas with our wooden vestiaire units that include all what the user might need; from shower unit to changing area and even bathroom. The vestiaire can be extended to include a garden living room as a retreat with friends.

- **Bar Counters:**

We design and manufacture bar counters mainly with Teak wood or other wood types.

- **Outdoor Kitchens:**

We design and manufacture outdoor kitchens mainly with Teak wood or other wood types.

- **Lighting Fixtures:**

Designed and manufactured by ourselves, lighting fixtures are made out of both Teak wood and artificial Rattan.

- **Umbrellas:**

Both wood and aluminum structures with outdoor imported fabric or with thatch.

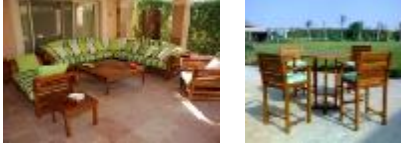

- **Playground Equipment:**

We follow German norms for safety measures. We provide thematic playgrounds, for example medieval theme, that offer high playing value for children. Pitch-Pine wood is mostly used.

- **Teak Wood Furniture:**

We are the only designers and manufacturers of outdoor furniture in Egypt using best quality golden teak wood. Our line is aesthetic and reliable with the state of art workmanship using mortises, tenons and dowels only. We can also manufacture different consultants' designs. We have the biggest market share in this field.

- **Teak wood and Aluminum Furniture:**

We manufacture this collection using Teak wood tops with Aluminum structures that are resistant to shocks; reaching a final product that has a modern look and with affordable prices at the same time.

- **Coloured Wood Furniture:**

Our collection is trendy and designed to suit the fresh taste. We use special anti scratch paint for outdoor usage.

- **Coloured Wood and Aluminum Furniture:**

The lightest collection.

- **Just Cushions Collection:**

This collection is ultra modern and extremely comfortable. Units can be combined in different ways to reach several settings.

- **Artificial Rattan Furniture:**

We use Japanese VIRO artificial rattan. It is woven on either wooden or aluminum frames that are resistant to shocks and have electrostatic paint finish. All steps take place in our factory with guaranteed quality.

- **Tends and Shades:**

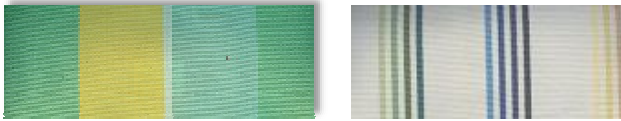

We supply Italian tends and shades systems operated by remote control using PVC, outdoor fabrics or Polycarbonate.

- **Security Gates:**

We supply Italian systems for security of terrace doors and windows which are aesthetic and highly secure.

- **Outdoor Fabrics and Upholstery:**

We import Italian, Spanish and German Fabrics for the outdoor. They are UV resistant, color fast, mildew resistant, stain resistant, water repellent as well as fire retardant. Our concern for details includes providing very comfortable upholstery, designed for each of our models.

- **Accessories for FIORITO Boutique:**

Complementing the outdoor needs, we import:
Barbecues – Danish Dancook and Belgian Barbecook.
Pottery – German SK.
Tableware – colorful variety.

3. Natural Stones, Marbles, Granites and Others

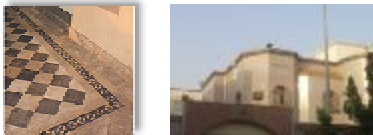

- **Natural Stones:**

Supplied with natural surface, polished or antique finish.

Quartzites	Roof Tiles
Slates	Mosaic Stones
